

The convenience of a single Ski Callaghan admission provides access to the combined trail system of both the Callaghan Country and Whistler Olympic Park operating areas as one! Ski Callaghan offers the complete Nordic experience, whether you are new to Nordic sports or are an elite athlete.

**ONE PASS.
ONE PRICE.
ENDLESS
RECREATION**

One ticket or pass provides you with access to over 35 km of snowshoe trails, with the ability to move freely between both areas.

Version: 08-Oct-2014

**Whistler Olympic Park
Brandywine Day Lodge Trailhead**

The snowshoe trailhead is on the bottom level beside Rainbow Mountain Rentals. The trail wanders through the woods towards the Ski Jumps. Continue south across the flat area at the bottom of the Jumps to access Lookout Explorer, Olympic Explorer, and Black Tusk Explorer. To access Wetland Wanderer, and the other trails connected to it, follow the ski trail west under the road where you will find the snowshoe trail re-entering the forest. Stadium Explorer circles the bottom of the Ski Jumps and proceeds north past the upper level of the Brandywine Day Lodge towards the Cross Country Stadium.

Stadium Explorer 3.0 km Easy ●

This trail traverses the Whistler Olympic Park competition venues from the Ski Jumps to the Biathlon Range. Olympic interpretive signs along the trail orient you to the 2010 Vancouver Games Nordic venues. Portions of this trail may be closed or re-routed from time to time to accommodate sporting events.

Wetland Wanderer 1.8 km Easy ●🐾

This relatively-flat trail traverses through a significant wetland and is a commonly used connector trail to Alexander Falls Explorer and Madeley Explorer, Marley's Meander, and Callaghan Explorer. A portion of the trail from Marley's Meander to Callaghan Country Base Area is dog-friendly for leashed dogs only.

Olympic Explorer 3.0 km Easy ●

This trail begins at the northern end of Ski Jump Trails and then heads up and down slopes to end up at the Biathlon Range. Along the way you will enjoy a grand panorama of the Callaghan Valley. Return is via the Stadium Explorer Trail.

Ski Jump Trails 1.2 km, 2.0 km, 3.0 km Easy ●

These trails weave up and down small ridges and gullies among a mature stands of fir. The 3km loop opens up to beautiful mountain views.

In addition to exploring the trails, visitors are provided access to the top of the large ski jump for a panoramic vista while learning about ski jumping. These trails are open on weekends and holidays and are accessed by the chairlift (lift ticket purchase applies) or a steep climb up the Callaghan Grind.

Lookout Explorer 3.2 km Intermediate ■

This trail is a great choice for a short tour departing from the daylodge. The trail traverses a mixture of flat lowlands and some moderate slopes to a beautiful viewpoint and shelter located at Top of The World (a great picnic stop). A fun tour for families with kids.

Black Tusk Explorer 2.5 km Intermediate ■

This trail is an extension of the Lookout Explorer Trail. The east leg of the trail traverses above the Callaghan Valley with great views of Black Tusk for much of the route. At the furthest point of the trail it drops down to a creek and then makes the long climb back up to connect with the Lookout Explorer Trail at the Top of the World shelter.

Biathlon Explorer 1.8 km Intermediate ■

This trail starts off on Wetland Wanderer to the Three Wolves. It then heads north up a steep bank to the biathlon trail system where it meanders between the Olympic Biathlon ski trails. This is the spot to see the heavens on clear starry nights. It works its way to the north end of the stadium where it joins Stadium Explorer.

Madeley Explorer 2.5 km Intermediate ■

This trail drops down into the Madeley Creek wetland and travels through beautiful stands of mature cedar. The round trip from the Day Lodge is a solid hike so bring a picnic lunch and plan to spend a few hours completing this route. The Madeley Explorer Trail can be accessed from the Biathlon end of Stadium Explorer or from the north end of Biathlon Explorer.

Callaghan Grind 1.2 km Most Difficult ◆

A gnarly, expert climb to the top of the chairlift. A challenging access to the Ski Jump Trails.

**Callaghan Country Wilderness Adventures
Alexander Falls Snowshoe Trailhead**

Follow the single track snowshoe trail past Access Callaghan Rental Shop, Warming Hut and the sign board at the end of the Alexander Falls parking lot and embark upon a journey of wonderment as you wind your way through ancient rainforests and pristine frozen lakes. Visit the base of a frozen waterfall and marvel at the fresh tracks of the local forest inhabitants as they go about their day collecting food and socializing.

Alexander Falls Explorer 2.5 km Ascent/Descent: 140 m Intermediate ■ Dog-friendly 🐾

Without a doubt...one of the most inspiring natural experiences of your lifetime! An exhilarating single track trail winding its way down to the base of a 55 metre frozen waterfall. *Warning! Some steep sections make this a challenge for some novices and small children.*

Express 0.5 km Most Difficult ◆ Dog-friendly 🐾

This is the "direct-on" short cut, to and from the base of Alexander Falls. Very steep and suitable for aerobic training. Not recommended in icy conditions

Finger Lakes 4.3 km Intermediate ■ Dog-friendly 🐾

Snowshoe through a coastal rainforest complete with old-growth cedars and extensive frozen marshlands. The perfect destination for a sunny day picnic lunch.

Real Life 4.9 km Easy ● Dog-friendly 🐾

Most often used as the exit route from Finger Lakes, this trail can also be accessed from the base area and is best known for being the home of the oldest cedars in Sea to Sky country. It is a wide, multi-use trail. Please respect other users' needs.

Treasure Trail 0.5 km Easiest ●● Dog-friendly 🐾

Perfect for first timers, families and little ones. Starts at Access Callaghan / Rental Shop and meanders around the base area ensuring a comfortable introduction.

Journeyman Lodge and Solitude Valley Trails
(See Ski Callaghan ski trail map for visual overview)

Increasingly, more snowshoers are frequenting Journeyman Lodge for their overnight stays. Average travel times are about five hours, depending on snow conditions. Recommended route is Real Life / Wild Spirit Trail, a distance of 12 km and is routinely maintained. Journeyman Lodge provides the peace and tranquility of the Solitude Valley and the opportunity to explore old growth forests nestled into the toe of glacial reaches. Follow a set loop or explore your own path - the entire valley is yours to discover.

Whistler Olympic Park Dog-friendly Trails

These trails are a great place to get out and explore while burning off some of your four-legged friend's energy. Please access these trails from the appropriate parking lot. We ask you keep your dog away from trails that are not designated dog-friendly.

Marley's Meander 2.2 km Easy ● Dog-friendly 🐾

This novice snowshoe trail meanders around the Porters Glide ski trail area. The terrain is relatively flat and divided between open terrain with great views of the Brandywine Range and a path through a mixture of old- and new-growth forest. This is a fun place to take the family for an afternoon snowshoe. It also provides an opportunity for some members of your group to ski and others to snowshoe in the same vicinity. You are also welcome to snowshoe to the side of the Porters Glide Ski trail as well as explore the area that the ski trail encompasses.

Shuler's Shuffle 1.8 km Intermediate ■ Dog-friendly 🐾

A bit more challenging and quieter than Marley's Meander. Catch glimpses of Brandywine Mountain and Black Tusk while exploring second growth forest. You may also snowshoe on the Brandywine View / Metal Dome ski trails but please stay to the outside of the ski track.
