Drug Free Sport Policy

Applicability	Athlete
----------------------	---------

Background

The 2027 World Anti-Doping Code (the Code) was launched in September 2023 by the World Anti-Doping Agency (WADA). The Code is the core document that harmonizes anti-doping policies, rules, and regulations across sport organizations and public authorities around the world. The Code works in conjunction with the International Standards, which collectively foster consistency among anti-doping organizations in various areas.

Whistler Sport Legacies (WSL) is committed to upholding the highest standard of safe and drug free sport and prohibits the possession, sale, consumption, or being under the influence of any listed substances outlined in the Canadian Anti-Doping Document (CADD).
